THE PREZ SEZ - Fredwood Shaw W3ADV

We had a fine turnout for our March meeting - S.R.O.! Those of you who did not make it missed a lot of fun. Our one-and-only Hy Hecht did a masterful job of making money for Phil-Mont conducting the Free Bee Auction. And there was a good turnout of "brass pounders", too, including W3DYP, W3DJW, W3FWI, W3MHR, W3IRS, W3CTT, W3AJO, W3VVS, W3CW, W3AES, and W3ADV.

Paul, W3VVS, came in No. 1 using the good old straight key and George, W3MHR was first with the bug. Many thanks to our panel of Judges - W3BV, W3ZN, W3QV, and W3EX - who did their best to contribute to a good time. As a matter of fact, everyone seemed to enjoy the code contest so much that it might be a good idea to do it again sometime! Hi!

Our next big event is the May 2 meeting when we play Host to the Delaware Valley Clubs. This is now off the ground - tickets are ready - door prizes are being arranged for, and invitations are being sent to about fifty radio clubs in this area. Let's start by getting our own tickets for the dinner, and then selling as many others as we can - and don't forget the XYL's - they like to get out and have a good time, too! Besides, they may win some of the good ham gear offered as door prizes.

Another item of interest to all is the fact that if all goes well, the 1966 Phil-Mont Directory might be ready for April distribution - with many thanks to the Directory Committee W3DYP, W3YG, W3RTR, and W3TJQ, the Secretary W3QOW, and the printer.

CHANNEL 6 CHATTER by Walt Koch W3CHZ

As reported last month, it is with extreme sadness and a feeling of great loss that we mark the passing of Phil-Mont's (and our) great and good friend Frank Travers W3LNQ. Channel 6 is no longer the same, and our morning sessions seem strangely lacking without his cheery voice and ready humor.

Activity has fallen off during the past month with a total of 90 Phil-Mont contacts logged. W3JGB Bob Ferree, continues his cross band experiments (10/75) electronically, with increasing success. K3DJE/m Bob Diefenderfer worked on a recent morning en-route to Bayonne, N. J. via the New Jersey Turnpike. Bob was not sure which exit to take and was straightened out by our friend W3EPC at Potomac (Bethesda), Md. - once again proving where our extended (local) coverage is of value. Charlie W3GOW Greenwood, inactive for the past couple of weeks, due, we hear, to new car acquisitioning. Bob Mynster K3UWO/m off temporarily with power supply difficulty, now back with us. Our prexy W3ADV Fred Shaw keeping us company on several mornings. Welcome aboard, Fred!

The news about our good friend Joe Welch W3UQV just reached us. Joe was in Haverford Hospital for a, not too serious, operation. He will be convalescing with some old friends W3OWK & W3ZLE (Al and Dotty Joret), and we know he will be in good hands. Joe, we all wish you a speedy recovery.

Our friends across the river, the South Jersey Amateur Radio Association, are celebrating their 50th Anniversary. Phil-Mont congratulates you on this accomplishment. There can be few Amateur Radio organizations to make such a claim, and we wish you continued success.

Date: Saturday and Sunday, September 24 and 25, 1966

Phil-Monters and Old Timers take note! This is an event that should be of particular interest to those interested in the history of Amateur Radio

REGRETTABLY - Old Timers' Nite will not be held this year. Please strike this event from your calendar for this year, and we will look forward to it next year.

Reproduced here is a much-appreciated letter from Laurence W3QCV, which is self-explanatory.

OFFICE OF THE PRESIDENT

March 14, 1966

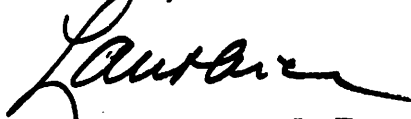

Mr. Lloyd Sherman, Editor
The Blurb
Phil-Mont Mobile Radio Club, Inc.
The Franklin Institute
20th & Benjamin Franklin Parkway
Philadelphia, Pa.

Dear Lloyd:

Through you, as Editor of "The Blurb", I want to say thank you to the members of Phil-Mont for the wonderful serenade they accorded me in the March issue. For devoting so much space and the cover to me, I think you ran the risk of being fired!! However, since you seem to have gotten away with it, I shall say thank you very much, indeed.

And to the membership, one and all, let me say this: when I was notified by the British Ambassador of The Queen's action, I was deeply moved; since then I have received a great many letters, but never could I possibly have imagined that my fellow Phil-Mont members would, in such generosity of words and meaning, so greatly compliment me. I profoundly thank you. I am very proud to be in the Club.

Sincerely,

~~Wynn Laurence LePage~~
~~President~~

"THE BATTLE OF THE KEYS" by Sam Moskowitz K3RTR

You never heard so many DITS and DAHS. There were two (2) categories - Bug and Hand Key.

Since there were only two entries in the Bug class, our boy John W3AES, the one with the many call letters, was the speediest and finished second. The "Winnah" was none other than George W3MHR! "Congrats" to both.

Of the nine (9) other contestants in the the straight Hand Key class, there was a tie for second place between our PREZ W3ADV Fred and W3CTT Carl. The Winner was none other than our official "Guest Greeter" Paul W3VVS. What a beautiful fist he has! The only error he made was not knowing how to "speel" LOID or LODE or is it LOAD? - or so the Judges said. (Seems he misspelled it correctly. Ed.)

It was a cinch for Paul to win as he copied his text from a General Electric Company Pocket Diary, "Progress is Our Most Important Product".

The other contestants were W3DYP Nelson Schurr; W3DJW Jack Mahoney; W3FWI Art Lester; W3IRS Frenchy Andrews, and W3CW Barney Elfman (with his call letters he should have been the winner). W3AJ0 Kermit Crowell was M.C. in the absence of K3PHC Jim Beck. Our official Timer was W3AHP Hal Rausch.

Now a word about the Judges, who were W3BV Paul (Pete) Peterson; W3QV Brad Martin; W3EX Gus Morley, and W3ZN Harold Hogan. These four (4) venerable Old Timers represent over 200 years of experience in Amateur Radio. (We heard that they copied the whole bit on TAPE then played it back at 5 W.P.M.) Too bad the Keys and Oscillator were dismantled when they made their report, as it would have been very interesting to have these four Old Timers in a contest of their own.

What were the prizes to the Winners? We leave it up to you to suggest something. Perhaps a Code Practice Record???

The March Meeting is now "History". It was the first time (in our time) that we had to bring in extra chairs. We also had 12 visitors listed elsewhere.

What brought about this great turnout? Perhaps it was the second postponement of the Transistor Movie; or maybe the "Battle of the Keys" found elsewhere in the BLURB; or the "Golden Voice" of our auctioneer Hy Hecht W3WNC.

We like to think it was because many people knew that "Pabst's Blue Ribbon" Mason W3PBR would be there. It was nice to see how well Mason has improved since his recent illness. Keep up the good work PBR - we want to see you at many more meetings!

MEMBERSHIP APPLICATIONS - Al Joret W3OWK, Chairman

K3NYL Robert Brangan was approved for membership at the Mid-Month Meeting. Welcome, Bob, to the Phil-Mont fellowship; it's our pleasure to have you!

W3BV, Paul "Pete" Peterson and his wife Marie live at 631 Shadeland Avenue in Drexel Hill. He holds an Extra Class License and is presently active. He has been an amateur for over one half century and self-employed. He was one of the code contest judges and just turned in his application for membership. His sponsors are W3ADV and W3PBR.

K3WVB, John C. Doran, a senior at West Catholic High School also presented his application for membership. He resides at 4714 Cedar Avenue, Philadelphia, and was editor of the "Arctic Bulletin" for two years. John holds a general class license and is active on different bands. His sponsors are K3RTR and W3PWG.

NAVY MARS - by Sam Meskewitz K3RTR

Navy Mars is the newest member of the Military Affiliate Radio System. It is only about 3 years old.

The Fourth Naval District has about 1000 members - many dedicated to the purpose and program. The district is under the able leadership of Chief Billy Gray N0ASD, the director who has organized a system of communications nets. These nets operate in the bands from 2 to 160 meters in the eight surrounding states, using the four most popular modes.

The purpose of the nets is to prepare the operators in message handling while providing a service of message handling for the boys in the Armed Forces. There is no compensation for such services, although surplus gear is released to the active members.

Some of the Phil-Mont members in Mars are Sam K3RTR, Harold W3ZN, and Frenchy W3IRS - to mention just a few.

Anyone interested, contact a Navy Mars member or N0UKP, 401 Sansom Street, Upper Darby, Pa. 19082. He is our K3RTR Sam. (Ed.)

BELIEVE IT OR NOT!

There has been a rumor that a Phil-Mont member was posing as a "man of the cloth" - posing for the camera no less!! Hearing that some photos were being shown, we made it a point to be on hand, and there he was in full color! Just between us hams, he would look just right if he could slide back to the days of Caesar. I don't like to mention names, but you may recall the use of the name "Rockefeller" just recently? That should give you a good clue. Hope some of you fellows can talk to him and get him to mend his ways.

DON'T FORGET INTER-CLUB MEETING MAY 2ND AT THE FRANKLIN INSTITUTE!

LADY PHIL-MONTER AWARD to Dotty Jorett

The belated Lady Phil-Monter Award was finally made to Dotty W3ZLE, XYL of W3 "Old Wooden Keg". We wish to remind Dotty that the plate is made of very fine China, and if at any time you have an urge to bounce something off Al's "noggin" - please use something more durable (like perhaps a rolling pin)! Sam K3RTR

Hy Hecht W3WNC was in fine voice for the Auction, and many boats this summer will be well supplied with anchors. Hi-Hi!

Sam K3RTR - Assistant Editor

SYMPATHY

A Letter of Resolution expressing our sympathy and appreciation was presented for approval to be sent to Grace and Doc. The motion made by W3QQH and seconded by W3AES, was unanimously carried, and was very touching to say the least. Sam K3RTR

PERSONAL PROFILE OF A PHIL-MONTER by Jim Hartman W3JYA

Richard M. Klein (Dick) W3WXC - Dick received his license in 1953 and became a member of Phil-Mont in 1954.

Dick, his wife Shelly, and their two children Debra 2½ and David 1, live in Plymouth Township near Norristown. He is employed as an Electrical Design Engineer at General Electric Company, Spacecraft Department, located at Valley Forge.

After a 9-year, 3-night-a-week grind, Dick received his Bachelor of Science (E.E.) Degree from Drexel last June. He is now attending the University of Pennsylvania (again, 3 times a week), and expects to receive his M.S.E.E. Degree in June of next year.

Because of his extracurricular schooling, Dick's activity on the air has been sporadic. However, he does intend to have both mobile and home station rigs on Ch. 1 again in time for Field Day. Dick is serving on the Social and Membership Committees this year and served on the Banquet Committee last year.

BET YOU FORGOT! -- to turn in your renewal to ARRL thru the Treasurer! Make it easy, just mark the card and give it to the Treasurer with the fee and he will handle the rest. The club will benefit too, in case you did not remember.

10-on-10 NET

Time marches on and changes must be made.

Not too many months ago, we had a change of Chief NCS for the 10-on-10 Net. This was the first major change in many years. Suddenly, with the passing of Frank W3LNQ, then Chief NCS, a replacement was needed. Our President, Fred W3ADV, made a prompt selection and received the consent of Ernie Juliani, W3D\$G, as the new Chief Net Control Station.

Many of you may have heard Ernie on the net doing the fine job he is capable of doing. Ernie, we are pleased to have you take over this post. We know you can and will do a fine job. (Please, Ernie, don't split the seconds though, for this we don't have a column in our logs.)

The progress on Brad Algeo, W3EM's boat is a bit behind schedule this year, due to time he had to spend away from home. The plans now include changes to provide a FB antenna provided by a mast that will serve a dual purpose. The primary purpose is usually to support a sail, but Brad will correct this to equate its function as a good antenna of equal importance. The ignition noises should not pose a problem either. Boy oh boy, that should be fun signing /MM, while sailing in the sun and cool breezes!

The old phrase - "April Showers bring May Flowers" - sets the pace for our May 2nd Inter-Club Meeting. With the coming of the flowers, Phil-Mont will hold a meeting for one and all - XYL's included. Talk it up on the air and with your friends. C U there!

We're sorry to hear that Bob W3IW is not doing as well as he had when we heard him on the channel. All the fellows on the channel wish you well and hope we hear you back on soon, Bob!

Have you noticed, or have you heard, the goings-on? You might keep an eagle eye on things and a sharp ear on the receiver for some dope on nominations for awards. Come October you'll be asked for your selection.
